

Claremont Management Names Maria V. Huja as Managing Partner

ROLLING MEADOWS, Ill. — May 1, 2025 — Claremont Management announced today that Maria V. Huja, EA, has been promoted to Managing Partner. Huja, who joined the firm in 2009, has played a critical role in Claremont's growth and success over the past 16 years.

A graduate of DePaul University with Honors, Huja earned her Enrolled Agent (EA) designation the same year she began her career at Claremont. She became a Partner in 2018 and has since demonstrated exceptional leadership, technical expertise, and a deep commitment to client service.

Throughout her tenure, Huja has been recognized for her strategic insight and dedication to excellence. She holds the Advanced Certified QuickBooks ProAdvisor credential and is a Fellow of the National Tax Practice Institute (NTPI).

As Managing Partner, Huja will oversee Claremont Management's strategic initiatives and client service operations, continuing the firm's mission to provide exceptional tax and accounting support.

"This milestone means a great deal to me—both professionally and personally. I'm especially grateful to my family for their unwavering support—my husband Marcel, and our two boys, Nathan (9) and Tudor (6). Their encouragement has been a constant source of strength throughout my journey. I also want to thank John for the trust and confidence he's placed in me over the years, and for giving me the space to grow, lead, and carry forward the firm he built with such care. I'm proud to take this next step as Managing Partner and look forward to continuing to serve our clients with the same dedication and heart that has always defined Claremont," Huja said.

The Claremont Management team invites clients, colleagues, and the community to join in congratulating Maria V. Huja on this well-earned achievement.
